The route runs through the old narrow gauge train that connected Girona to Sant Feliu de Guíxols, it means from the inner Girona to the Costa Brava towns on the coast. An affordable route with few slopes where you will join a flatter landscape going down to Sant Feliu de Guíxols.

The arrival at the sea will make you regain strength; you will walk through a fishing village. Halfway through, you can detour to the town of Caldes de Malavella, a town of hot springs that gives our Thermal Route its name.
